Inspector Leech's Travelling Expenses.

AUDIT OFFICE, OTTAWA, February 22, 1910.

SIR,—I have before me the expense accounts of Mr. R. E. A. Leech, inspector of agencies, for the period included between April 1 and October 31, 1909, and would ask your attention to the following remarks thereon:—

1st. In no instance does Mr. Leech make use of return tickets on the railways, but charges single fare in all cases. While on some of his trips, which are of a roundabout nature, return tickets could not well be made use of, still there are others on which a saving might have been made by the purchase of return tickets. For instance, there are about twenty trips between Brandon and Winnipeg for which $4 each way is charged. The return fare should be only about $6.70, which would have made a saving of $1.30 on each round trip. Again, on a trip to Ottawa and return, $33.80, the ordinary single fare, is charged each way. The regular return ticket from Winnipeg to Ottawa, however, is $59.45, so that a saving of $8.15 might have been effected on this trip. There are other trips on which, I think, return tickets might have been advantageously made use of.

2nd. In travelling over the Canadian Northern railway and over the Calgary and Edmonton branch of the Canadian Pacific railway, Mr. Leech makes use of transport requisitions, instead of paying his fares in cash. In this way the amount of fare paid over such part of these lines as are subsidized reverts to the government. There are other cases, however, where cash fares are paid, although the travel is in part over subsidized lines, for instance, in travelling over the Pheasant Hills and Arcola branches of the Canadian Pacific railway. It might be well to consider whether transport requisitions might not be advantageously used in all cases both by Mr. Leech and your agents in the Northwest.

3rd. Mr. Leech should be asked to furnish sub-vouchers for all payments for livery hire. He has not done this in any case in the accounts before me.

4th. The charges for board should in all cases show the number of days or part of a day for which payment was made.

5th. Mr. Leech makes a uniform charge of $1 for all meals taken on dining cars and for meals taken at Winnipeg. While I recognize that this is a reasonable charge, still it is practically impossible that in every case it should be exactly a dollar. As the expense accounts are supposed to be made out on the basis of actual disbursements, he should show, not the average charge, but the amount actually paid out by him in each case.

I should be glad if you would instruct Mr. Leech that his expense accounts must in future be made out in accordance with the lines indicated above.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, June 11, 1910.

DEAR MR. FRASER,—Referring to your letter of February 22 last, with respect to the expense account of Mr. R. E. A. Leech, inspector of Dominion Lands agencies, I beg to say that:—

1st. Mr. Leech does not usually secure return tickets because he has found this plan entirely impracticable. He never knows when he sets out for a given point where he will have to go next, or if he will have to go to a place by one line of railway and back by another. He further explains that in many cases return tickets do not allow a stop-over privilege.

2nd. As to the matter of using railway ticket orders upon lines which have been subsidized, it appears that he always endeavours to do this. According to the information furnished, we are not entitled to free transportation on the Arcola line, except between Antler and Arcola, a distance of 48 miles. It is impossible when travelling this line to secure at, say Antler, a ticket upon a ticket order, Antler to Arcola, as the passenger trains stop only for a moment at the railway stations and the agent is out of the office attending to express and baggage at the front of the train.

3rd. With reference to livery hire, it appears that Mr. Leech is under a misapprehension with respect to the necessity for vouchers. He states that ,according to his information, livery vouchers are required only when the bill amounts to a considerable sum. In the November statement no single charge is for more than one day's livery hire, the highest for which is eight dollars. Eight dollars, however, would represent a very heavy day's drive, or the drive of a day and the good part of a night. I am advising Mr. Leech that sub-vouchers are required for all payments for livery hire.

4th and 5th. With respect to meals on dining car, Mr. Leech informs me that when he commenced work for the department and for some time afterwards, the price of meals was $1, which only required the keeping track of the number of meals in connection with his expenses. When these rates were changed by the railway companies, it was only for the purpose of increasing their charges, and now it is a very poor meal one can get by limiting the price to $1, but as it is more convenient, he has adhered to the old plan, although the meals have cost him considerably more.

To conclude, I might say that I have instructed Mr. Leech to bear your remarks very carefully in mind in future, and to make out his accounts in accordance therewith. I trust the explanations given with respect to the accounts already rendered will prove sufficient.

I am, sir, your obedient servant,

The Auditor General. W. W. CORY, *D.M.*

Inspector Leech's Expenses, Inconsistencies between Fares Charged and Transport Orders Issued.

AUDIT OFFICE, OTTAWA, March 11, 1910.

SIR,—I beg to call your attention to certain inconsistencies between the fares charged by Mr. R. E. A. Leech, inspector of agencies, in his expense accounts and the amounts paid the railway companies for tickets supplied to him on transportation orders.

Order No. 1036 is for a single ticket from Calgary to Edmonton, delivered Mr. Leech by the Canadian Pacific railway ticket agent at Calgary on October 15, 1908. Order No. 1361, dated October 16, 1908, is for a single ticket from Edmonton to Regina, delivered Mr Leech by the agent of the Canadian Northern railway. This order is stamped by the Canadian Northern railway at Edmonton on October 23, 1908. On referring to Mr. Leech's accounts for the month of October, 1908, it would appear that he arrived in Calgary from Banff on October 15, that he remained in Calgary until the 17th, on which date he left for Brandon direct, charging in his account a single fare ticket from Calgary to Brandon. He returned to Calgary again on the 19th, and on the 21st went back to Brandon. On October 23, the date on which the order was stamped at Edmonton, Mr. Leech appears to have been at Medicine Hat, on his way from Calgary to Brandon.

Order No. 1041 is for a single ticket from Calgary to Edmonton, delivered to Mr. Leech by the Canadian Pacific railway agent at Calgary on April 27, 1909. Mr. Leech's

expense account shows that while he was at Calgary on April 27, 1909, he left on that date for Regina and did not go up to Edmonton.

Order No. 425 is for a single ticket from Regina to Prince Albert, supplied Mr. Leech by the agent of the Canadian Northern railway on May 10, 1909. Mr. Leech's expense account shows that he arrived in Regina from Brandon on May 10, that he stayed in Regina until the following day, when he left for Winnipeg. He does not appear to have gone to Prince Albert at this time at all.

Order No. 2152 is for a return ticket from Regina to Prince Albert, supplied Mr. Leech by the agent of the Canadian Northern railway at Brandon on July 21, 1909 According to Mr. Leech's expense account he arrived in Brandon from Arcola on July 16 and remained at Brandon until July 23, on which date he went to Winnipeg. He does not appear to have been at Prince Albert any time during the month of July.

Order No. 444 is for a single ticket from Regina to Prince Albert, delivered Mr. Leech by the agent of the Canadian Northern railway at Regina on July 30, 1909. From his expense account, Mr. Leech appears to have arrived in Regina from Banff on July 30, and to have proceeded the same date to Brandon, and not to Prince Albert.

Mr. Leech should be asked to explain why he issued transportation orders in his own name in the above cases, when his expense accounts show that he was travelling in a totally different direction. It is probable that the tickets supplied on the transportation orders in question were not for his own use, but for the use of other officials. If such was the case, the name of the official using the ticket supplied should have been endorsed on the transportation order, or still better, the transportation order should have been issued, not in Mr. Leech's name, but in the name of the official actually using the ticket. A full explanation of the circumstances under which each order was issued should be furnished by Mr. Leech.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

Inspector Leech's Expenses: Charges for Sleeping and Parlour Cars.

AUDIT OFFICE, OTTAWA, March 14, 1910.

SIR,—In my examination of the accounts of Mr. R. E. A. Leech, inspector of agencies, for the seven months included between April 1 and October 31, 1909, it appears to me that the charges made by him for accommodation on sleeping cars and on parlour cars are considerably in excess of the advertised rates for such services. I inclose herewith a statement showing the various charges made by him, the correct amounts, as nearly as I could determine them, and the apparent overcharges. In making out this statement, I have been guided, as far as possible, by the amounts advertised by the transportation companies. In other cases, however, I have been guided by the charges made by other officials for similar services. In a few cases it was difficult to determine whether the trip was made during the day or by night. In such cases I have been guided, as far as possible, by the charges for meals on the dining cars, as during the night these cars are not open. The amounts allowed by me in the column headed 'correct charges' are subject to modification. Mr. Leech, however, should be asked to justify each charge made by him and to refund any overcharge.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, June 10, 1910.

DEAR MR. FRASER,—Referring to your letter of March 14 last, with reference to the accounts of Mr. R. E. A. Leech, inspector of Dominion Lands agencies, relating particularly to the sleeping car charges, I beg to say that I am now in receipt of an explanation from this official. He says, in effect, that he has always found it difficult to determine whether all the charges are in accordance with the sleeping car schedules. He has only recently been able to borrow a Canadian Pacific railway official sleeping car schedule, but even from this he has not been able to determine the rates in many cases. Those which the schedule shows plainly, however, indicate that his charges are correct, except a charge made on April 7, Winnipeg to Nokomis, $4. In this case the

through rate, as shown on the schedule, is $3, but if the trip had been broken or sleeper had been engaged, say from Winnipeg to Elkhorn and then from Elkhorn to Nokomis. the cost would have been $4.

I inclose you herewith a statement from Mr. Leech showing you the charges as he has been able to verify them from the schedules, but the schedules are somewhat intricate and he has only given the figures where there was no question as to what the charge should be. I trust you will find the explanation satisfactory.

I am, sir, your obedient servant,

The Auditor General. W. W. CORY, *D.M.*

Transport Orders Issued on other than Official Business.

AUDIT OFFICE, OTTAWA, March 11, 1910.

SIR,—On June 4, 1909, a ticket from North Battleford to Edmonton and return was bought by Mrs. Z. Dunning, clerk in the Battleford land office, and paid for by order No. 2012. There are no other charges for any expenses in connection with this trip by Mrs. Dunning. I notice, however, that on the attendance certificate it is stated that Mrs. Dunning began her holidays on June 7.

On July 2, 1909, a return ticket from Battleford to Winnipeg was bought by Miss Agnes McKenna, and paid for by order No. 2014. There is no other charge for any expenses in connection with this trip, and the attendance certificate shows that Miss McKenna began her holidays on July 2.

I have to request that you will ascertain if these trips were on government business, and also if there are any other cases of this nature.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, March 14, 1910.

SIR,—The following tickets were purchased at North Battleford on transportation orders issued by the Dominion Lands agent at Battleford, in favour of the officials employed at the land office at that place:—

Order No.

2020, J. P. Bolduc, August 24, Ruddell and return.
2021, J. P. Bolduc, August 24, Vermilion and return.
2001, L. P. O. Noel, April 8, Prince Albert and return.
2013, L. P. O. Noel, June 16, Maymont and return
2015, L. P. O. Noel, July 15, Saskatoon and return.
2023, L. P. O. Noel, August 31, Edmonton and return.
2006, W. R. Ridington, May 24, Fielding and return.

As there are no charges for living or other expenses in connection with these trips, I have to ask whether in each case the tickets were actually used by the officers in whose names the orders were made out; whether such trips were on official business, and if so, why there are no other expenses in connection with these trips? In connection with the tickets issued in Mr. Bolduc's name, I find a note on the attendance certificates to the effect that he commenced his holidays on August 24. I have already drawn your attention to two similar cases in connection with this office, viz., those of Mrs. Dunning and Miss McKenna.

I am, sir, your obedient servant,

The Deputy Minister of the Interior J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, June 29, 1910.

SIR,—Referring to your letters of March 11 and 14, 1910, in connection with certain transportation orders used by the officials of the Battleford land office, I am directed to inform you that the amounts covering the orders in question will be deducted from the salaries of the clerks concerned for the month of July, 1910.

In order to safeguard the issue of transportation requisitions in future a circular letter was addressed to all Dominion Lands and Crown Timber agents on March 30, 1910, a copy of which I inclose herein for your information.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Circular.

DEPARTMENT OF THE INTERIOR, OTTAWA, March 30, 1910.

SIR,—With reference to the transportation orders for use over the Canadian Northern railway and certain branches of the Canadian Pacific railway, it has been brought to the attention of the department that an agent issued several orders to clerks in his office when on holiday trips. I am directed to instruct you in future to see that the book of orders in your possession is kept in the office safe and care must be taken to see that the orders are used only by departmental officials travelling on government business.

An opinion seems to prevail that the railway orders represent free transportation, which is a very erroneous idea. For every order issued by our officials the different railway companies bill the Department of the Interior and cheques are issued out of the departmental appropriations covering same. When the transportation is over sub-

sidized branches the cheques are drawn to the credit of the Receiver General and the amounts charged up by the Finance Department against the Subsidy Accounts. It will, therefore, be seen that as far as the Interior Department is concerned, these orders represent cash and the greatest possible care should be taken in the issue of the orders in question. I am again to point out that on no account is an order to issue except to departmental officials travelling on government business.

I am, sir, your obedient servant,

P. G. KEYES, *Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, June 13, 1910.

SIR,—Referring to departmental circular of March 30, 1910, in connection with transportation orders, I may say that the Auditor General has drawn the attention of the department to several requisitions used for private purposes, and in order to safeguard the issue of the orders in question, I am to request you to instruct the agents and homestead inspectors to report to you monthly on Form No. 21, under the head of 'Nature of service,' whether or not the orders issued have been on government business. In future, when the accounts are received from the railway companies they will be forwarded to the inspector who countersigned the same in order that he may certify that the transportation orders included in the said bills were used on government business. It is realized that the inspectors of agencies are in much closer touch with the homestead inspectors and agents than the department can possibly be, and from the information furnished you on Form No. 21 you will be in a position to give the necessary certificate. In order to comply with the wishes of the Auditor General, the Deputy Minister is most anxious that the closest possible check should be kept on the orders in question. I am, therefore, to request you to take every possible means to prevent the use of the transportation orders for other than departmental business.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

This letter was addressed to R. E. A. Leech, E. F. Stephenson, J. W. Martin

---

Officer Drawing Pay from Two Departments during the same period.

AUDIT OFFICE, OTTAWA, July 6, 1910.

SIR,—Dominion Lands Income cheque No. 2956 is for a payment of $150 to W. J. McLean, for 30 days' services during the summer of 1908 at $5 a day. In reply to an inquiry made of your accountant, I was informed that Mr. McLean was detailed during the season of 1908 by the Department of Indian Affairs to pay annuities to the Indians of Treaty 10 and also to the Lac la Ronge and Pellican Narrows bands of Treaty 6, and that he was also commissioned by the Department of the Interior to inquire into half-breed claims which might be presented to him for settlement. Mr. McLean, according to your accountant, was engaged in the settlement of half-breed claims on behalf of the Department of the Interior for a period of 30 days, and the payment above mentioned was made to cover his services during that time. I find from the accounts of the Indian Department that Mr. McLean was paid by that department for 5½ months, at the rate of $150 a month, being from May 15 to October 31, 1908. According to his diary, Mr. McLean left Winnipeg on May 30 and returned on September 13. The Indian Department have thus paid Mr. McLean for his services during all the time he was absent from Winnipeg, as well as for about two

weeks before his departure and about seven weeks after his return. The $150 paid by your department appears to be over and above the payment made by the Indian Department, and it appears to me that for 30 days of his trip he has been paid at the rate of $5 a day, both by the Indian Department and by the Interior Department. If, as your accountant states, Mr. McLean was engaged for 30 days in the settlement of half-breed claims on behalf of the Department of the Interior, he cannot also have been engaged during the same 30 days in paying annuities.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, August 16, 1910.

SIR,—Referring to the payment of $150 made to Mr. W. J. McLean for 30 days' service during the summer of 1908, I may say that during the season of 1908 Mr. McLean was detailed by the Department of Indian Affairs to pay annuities to the Indians of Treaty 10 and to other Indians, and at the same time he was commissioned by the Department of the Interior to inquire into half-breed claims which might be presented to him for settlement. For this latter service it was agreed to pay him at the rate of $5 per day in addition to the rate paid him by the Department of Indian Affairs.

I am, sir, your obedient servant,

The Auditor General. J. A. COTE, *Acting D.M.*

Employment of Outside Officials at Ottawa.

AUDIT OFFICE, OTTAWA, January 25, 1910.

SIR,—I notice from the Outside Service pay-list for immigration, that Mr. E. Stanley Forbes appears as having been employed as a clerk at Winnipeg since December 19, 1908. In each case, however, the word 'Ottawa' appears opposite his name on the pay-list. I also notice that on the majority of the attendance certificates for the Winnipeg office, Mr. Forbes is shown as being on outside duty. Am I to infer from this that Mr. Forbes is really employed in the department at Ottawa? If so, I beg to point out that this is in contravention of the Civil Service Act of 1908, as no person can be so employed for a longer period than four months, if he has not passed the necessary examination, or than six months, if he has passed such examination, unless he is permanently appointed to the Inside Service by the Civil Service Commissioners.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

Astronomical Survey: Advances to Surveyors Charged to Wrong Year.

AUDIT OFFICE, OTTAWA, June 2, 1910.

SIR,—The following advances were made during the months of March and April last from your appropriation for Astronomical Surveys, for the fiscal year 1909-10:—

March—

J. D. Craig	$5,850
F. Lambert	4,000
P. M. Sauder	1,000

April—

A. J. Brabazon	1,500
J. D. Craig	1,000
C. A. French	400
J. J. McArthur	4,000
F. H. McKay	2,000
N. J. Ogilvie	4,000
G. C. Rainboth	1,000

These advances were, I presume, for the work to be performed during the coming season. Few, if any, of your surveyors left for the field before April 1, 1910. These advances, accordingly, should have been made from the appropriation for the fiscal year 1910-11, instead of from that for the fiscal year 1909-10. The appropriations for any fiscal year are to cover expenses incurred during that year. Any unexpended balance at the end of the fiscal year should not be used to supplement the appropriation for the next year, as appears to have been done in these cases.

It is now too late to remedy this for this year, as the books are closed, but I trust that in future you will not use any unexpended portion of your appropriations in making advances for the expenses to be incurred in the following year.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, August 6, 1910.

DEAR SIR,—Referring to your letter of June 2 last, with regard to the payment of advances to surveyors employed in connection with boundary surveys, I beg to transmit you herewith a copy of a memorandum on this subject from Dr. King, from which you will observe that he will endeavour in future to follow the rule you lay down with regard to having expenses incurred during any one year charged to the appropriation for that year. Dr. King, however, makes certain representations in this matter which I think I should bring to your attention, as it may be difficult in some cases to comply strictly with the regulations in your office in this relation.

I am, sir, your obedient servant,

The Auditor General. J. A. COTE, *Acting D.M.*

Memorandum.—

DEPARTMENT OF THE INTERIOR, August 3, 1910.

Referring to the Auditor General's letter of June 2, the boundary surveys in general are continuous, and cannot be accurately divided according to the fiscal year. Usually some liabilities are incurred during the winter, belonging either to the previous year's work or to that of the following year. Wintering horses, forwarding of supplies, purchase of horses, and wages (occasionally) belong to this class. These liabilities have to be discharged as soon as the surveyor sets out, and they are, of course, properly chargeable to the old year's appropriation.

On looking into the matter, it is admitted that some of the advances in April do not belong to this class. Such were charged to the previous fiscal year through inadvertence, which will be guarded against in future.

The advance to J. D. Craig in March was for purchase of horses, expenses connected therewith and other preparatory expenses. He had a man employed in British Columbia in the month of March to purchase horses. The advance to F. Lambert in

March is to be accounted for similarly; Lambart had also payments to make on account of transport of supplies, work which was performed during the winter.

I am not able to say what part of these advances was expended in March, or in April, on account of work done in March. Surveyors have never been instructed to separate their accounts according to the exact rule as to fiscal years. It would not be an altogether simple matter for them, and I fear that an attempt to make them follow the rule would lead to a further complexity in their accounts, the adequate checking of which is already a severe tax upon this office.

A surveyor is differently situated from a departmental accountant. The latter has a clear month in which to close his accounts for the past year. These accounts are prepared for him by the sub-accountants of the various branches. The surveyor has usually no one to help him to make his accounts, and in the month of April, moreover, he usually has sufficient other work in organizing his party, &c. In any event, he cannot have the clear month, for his accounts have to reach Ottawa and be examined in two offices, that of the branch and that of the department, before they go to the Auditor General.

Respectfully submitted,
W. F. KING.

Payment for Extras: Banff Sewerage Works.

DEPARTMENT OF THE INTERIOR, OTTAWA, March 4, 1910.

SIR,—I beg to inclose herein, for examination, the final estimate of Mr. John Galt, regarding the construction of the sewer works at Banff, Alta., whereby the sum of $11,162.99 is allowed as extras to the contractors, Messrs. Breckenridge & Lund. A copy of the Consulting Engineer's letter explaining this final certificate is also inclosed, together with a printed copy of the specifications of the contract.

The matter of final adjustment is submitted to your consideration, and the department desires to be advised if the contractors should be paid for the full amount of the certificate furnished by Mr. Galt in connection with this contract. This matter has been in abeyance for some time past and it is the intention to settle with Messrs. Breckenridge & Lund during the current fiscal year.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, March 21, 1910.

SIR,—I beg to acknowledge the receipt of your letter of the 4th instant, inclosing final estimate of Mr. John Galt for the construction of the sewer works at Banff, in which he certifies that the sum of $11,162.99 is due as extras to the contractors, Messrs. Breckenridge & Lund. This final estimate is made up as follows:—

Item 1, contract price for sewer work	$21,828 00
" 2, Extras as per estimate No. 15	1,996 78
" 3, " account attached, March 31, 1907	720 77
" 4, " " March 1, 1908	244 20
" 5, " " March 1, 1908	106 50
" 6, " " June 10	164 48
	$25,060 73
Add 15 per cent on $1,235.95 for supervision	185 39
	$25,246 12

" 7, Extras as per account attached, January 30, 1909	$ 4,747 00
" 8, " " January 30, 1909	3,724 00
Add 15 per cent on $8,471..	1,270 65
	$ 9,741 65
Total..	$34,987 77

In item No. 2 there is a charge of $1,852 for 463 yards of rock work at $4 a yard. This is the rate allowed in the specifications. The resident engineer should give a specific certificate to the effect that this is the amount of rock work, as determined by his measurements.

In item No. 3 there is a charge of $80 for unloading and piling in station yard 8 cars of sewer pipe. An explanation should be given as to why this is regarded as an extra, as under the specifications the contractor was to take delivery of the sewer pipe on the cars at Banff. In the same item a charge of $150, extra allowance for sewer pipe being short and not in standard lengths, should be fully explained.

In item No. 5 the first two items for men covering pipes at outlet with rocks, amounting to $7.50, have already been paid under water works estimate No. 13.

Item No. 7, allowance for extra work on branch sewers in town, due to excessive running sand and water, 4,747 lineal feet at $1, $4,747. This item cannot be allowed, as the first section on page No. 9 of the specification reads:—'In quick-sand and where water cannot be kept down the engineer will give his personal attention to the construction and laying of the pipe, so as to obtain a firm foundation and water-tight joints, and his instructions must be strictly followed without extra compensation.'

Item No. 8, allowance on concrete main sewer for extra wet excavation, constructing wood sub-drain and extra width of trench to permit of proper construction of permanent sewer, 1,862 lineal feet at $2, $3,724. This item cannot be allowed for the same reason as that given for the disallowance of item No. 7. The disallowance of item Nos. 7 and 8 carries with them also the disallowance of the amount of $1,170.65, being 15 per cent added to these two items for supervision.

The balance of the extras allowed by the engineer in this estimate are not shown in proper form. The work done and the material supplied, charged for in these extras, should be so divided as to show the particular piece of work for which the charge is made, and also the reason in each case for regarding this work as an extra and not as part of the main contract.

In addition to the extras included in this estimate there were items amounting to $678.01, for extras on Buffalo street sewer, covered by cheque No. 188, issued on May 1, 1908. The reason for the work covered by this payment being regarded as an extra should also be given.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, May 10, 1910.

To His Excellency,
The Governor General in Council.

The undersigned has the honour to report that in 1906 a contract for the construction of a sewerage system at Banff was awarded to Messrs. Breckenridge & Lund for the sum of $21,828, being the lowest tender received in this connection. Owing to exceptional conditions and unavoidable circumstances the work was finally completed only two years later.

The undersigned begs further to report that after the completion of their contract, a claim for the sum of $20,580 was filed by Messrs. Breckenridge & Lund for additional extras in connection with rock excavation over and above what had already been allowed in the various estimates of work submitted from time to time. Mr. John Galt, the engineer who was superintending the construction of the works on behalf of the Department of the Interior, disputed this account on the ground that it contained much that properly belonged to and was covered by the specifications and contract. The engineer, however, thought it was proper, owing to the extraordinary difficult work encountered, to allow the following extras:—

1. Allowance for extra work on branch sewers in town, due to excessive running sand and water:—

	Lin. ft.	
Muskrat street, River to Cariboo..	1,118·5	
Cariboo street, Muskrat to Bear..	1,068·5	
Bear street, Lynx to Wolfe..	1,087·0	
Banff avenue, Wolfe to Buffalo..	1,473·0	
	4,747·0 at $1	=$4,747 00

2. Allowance on concrete main sewer for extra wet excavation, construction of wood sub-drain and extra width of trench to permit of proper construction of permanent sewer, 1,862 lineal feet at $2..	3,724 00
	$8,471 00
Add 15 per cent on $8,471..	1,270 65
Total allowance..	$9,741 65

The undersigned begs to submit that the difficulties which the contractors had to contend with were to a certain extent covered by the specifications and contract, but that the real existing conditions were of a character altogether unforeseen and unprovided for in the said specifications. The engineer in charge, Mr. John Galt, gives the following reasons for passing the above-mentioned extras of $9,741.65:—

'I could not, however, but recognize the justice of their claim for some extra payment to cover the cost of the extraordinary difficult work encountered at several points along Muskrat, Cariboo, Bear and Banff streets, a total distance of 4,747 feet on the flats on the north side of Bow river; also along the foot of Sulphur mountain a distance of 1,862 feet; on the south side lying through swampy ground on the river bank between the Sanitarium and the C.P.R. hotel; all of which turned out to be veritable water courses which undermined everything, to contend with which, cost more than solid rock which is allowed as an extra in the specifications.

The specifications were framed for average conditions with an ordinary amount of water in trenches; as there was nothing to lead an engineer or contractor to expect that it would be otherwise and had it been foreseen that work of such extraordinary difficulty would be encountered, a clause would have been inserted in specifications providing for extra compensation being allowed, because work which proves exceptionally difficult beyond the average, must under the circumstances be looked upon and treated as an extra and I can see no other way to fairly and properly deal with it.'

In view, therefore, of the extraordinary difficult work encountered by Messrs. Breckenridge & Lund in the fulfilment of their contract, and in view also of the certificate of the engineer in charge, who is well versed in the construction of such work and who states specifically that if such extraordinary difficulties had been fore-

seen, a clause would have been inserted in the specifications to cover these contingencies, the undersigned respectfully recommends that the clauses in these specifications relating to running sand and water, and to extra wet excavation, be amended, in so far as they pertain to the two items now under consideration, so as to enable the department to pay to Messrs. Breckenridge & Lund the amount certified by the engineer, provision therefor having been made in the estimates submitted to parliamnt during last session.

Respectfully submitted,

(Sgd.) FRANK OLIVER,

Minister of the Interior.

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on May 25, 1910.

The Committee of the Privy Council, on the recommendation of the Minister of the Interior and for the reasons stated in his report, dated May 10, 1910, advise that, in view of the extraordinarily difficult work encountered by Messrs. Breckenridge & Lund in the fulfilment of the contract awarded in 1906 for the construction of a sewerage system at Banff, and in view also of the certificate of the engineer in charge, who is well versed in the construction of such works and who states specifically that if such extraordinary difficulties had been foreseen, a clause would have been inserted in the specifications to cover these contingencies, the clauses in these specifications relating to running sand and water, and to extra wet excavation, be amended, in so far as they pertain to the two items (set forth in the said report) now under consideration, so as to enable the Department of the Interior to pay Messrs. Breckenridge & Lund the amount certified by the engineer superintending the construction of the works on behalf of the Department of the Interior, as proper to allow for extras, viz.: $9,741.65, provision therefor having been made by parliament.

(Sgd.) RODOLPHE BOUDREAU,

The Honourable the Minister of the Interior. *Clerk of the Privy Council.*

AUDIT OFFICE, OTTAWA, June 30, 1910.

SIR,—I have received a copy of an Order in Council of May 25 last, with reference to the contract awarded Messrs. Breckenridge & Lund, in 1906, for the construction of a sewerage system at Banff. Mr. Galt, the superintending engineer, allowed this firm the amount of $9,741.65 for extras on account of running sand and water and extra wet excavation. This amount was disallowed by me, per my letter of March 21 last, as the specifications contain the following provision:—'In quick-sand and where water cannot be kept down, the engineer will give his personal attention to the construction and laying of the pipe, so as to obtain a firm foundation and water-tight joints, and his instructions must be strictly followed without extra compensation.'

On account of this clause appearing in the specifications the contractors have no legal claim for these extras and the Governor in Council, in my opinion, cannot alter the terms of the contract or the specifications. The amount which it is desired to allow to Breckenridge & Lund is extra compensation over and above the amount legally due them under the terms of the contract. Such extra compensation, I hold, cannot

be granted by Council, but must be specifically voted by parliament. I have, accordingly, to request that this amount be not paid until the authority of parliament for such payment has been obtained.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, September 7, 1910.

SIR,—In reference to your letters of March 21 and June 30, 1910, respectively, dealing with the extras allowed by Mr. John Galt in connection with the construction of a sewerage system at Banff, Alta., I beg to state that the cheque covering the final estimate in this case was drawn before the close of the fiscal year 1909-10, but it has not been delivered to the contractors, Messrs. Breckenridge & Lund, the cheque being still held in the department.

I am, sir, your obedient servant,

The Auditor General. J. A. COTE, *Acting D.M*

Collections for Survey of Mineral Claims at the Dome, Dawson.

AUDIT OFFICE, OTTAWA, February 14, 1910.

SIR,—In the expenditure by the Commissioner and Comptroller of the Yukon Territory, chargeable to Dominion Lands, Capital, I find the following payments:—

9921, N. A. Burwash, balance on account of surveys at the Dome. . . . . $ 859 52
9967, James Gibbons, expenses of survey at Dome. 2,069 85

As I am informed these surveys were made under an agreement by the Commissioner with the owners providing that the cost of the survey was to be repaid to the government, I would be pleased to know the number of claims surveyed by Messrs. Burwash and Gibbons and the total cost of the same, and what amounts are to be refunded by the various parties for whom the surveys were made.

I would also like to have a copy of the agreement between the Commissioner and the individuals for whom the surveys were made.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G*

DEPARTMENT OF THE INTERIOR, OTTAWA, February 25, 1910.

SIR,—I beg to acknowledge the receipt of your letter of the 14th instant, having reference to the expenditure by the Commissioner and Comptroller of the Yukon Territory, chargeable to Dominion Lands, Capital, and referring particularly to the following items:—

9921, N. A. Burwash, balance on account of surveys at the Dome. . . . . $ 859 52
9967, James Gibbons, expenses of survey at Dome. 2,069 85

You ask to be advised as to the number of claims surveyed by Messrs Burwash and Gibbons; the total cost of the same, and what amounts are to be refunded by the several parties for whom the surveys were made; also a copy of the agreement between the Commissioner and the individuals for whom the surveys were made.

In reply, I am to inform you that the Commissioner of the Yukon Territory has been communicated with respecting these items, and as soon as a reply is received from him, the information for which you ask will be duly furnished.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary*.

DEPARTMENT OF THE INTERIOR, OTTAWA, March 21, 1910.

SIR,—I beg to refer you to your letter of the 14th ultimo, having reference to the expenditure by the Commissioner and Comptroller of the Yukon Territory, chargeable to Dominion Lands, Capital, and referring particularly to the following items:—

9921, N. A. Burwash, balance on account of surveys at the Dome. . . . . $ 859 52

9967, James Gibbons, expenses of survey at Dome. 2,069 85

You ask to be advised as to the number of claims surveyed, the total cost of the same, and what amounts are to be refunded by the several parties for whom the surveys were made. I am now to inclose herewith, for your information, a copy of an Order in Council, dated February 22 last, dealing with the surveys in question.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary*.

DEPARTMENT OF THE INTERIOR, OTTAWA, April 26, 1910.

SIR,—With reference to the departmental letter to you of the 21st ultimo, inclosing a copy of Order in Council of February 22 last, dealing with the survey of certain mineral claims situated on the King's Dome in the Dawson Mining district, by surveyors in the employ of the Dominion government, I beg to inclose herewith, for your information, a statement furnished the department by the Commissioner of the Yukon Territory, showing that the total cost of the surveys was $7,862.76, and that the sum of $3,913.84 has been paid on account of the surveys by the owners of the claims.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary*.

DAWSON, March 15, 1910.

Total number of claims surveyed by Gibbons.	31	Cost $3,401 30
Total number of claims surveyed by Burwash.	21	Cost 4,461 46
	52	$7,862 76

Average cost per claim, based on cost of Gibbons survey, in accordance with instructions from Surveyor General, under date December 17, 1909, $3,401.30÷31 claims=$109.72 per claim.

AUDIT OFFICE, OTTAWA, April 28, 1910.

SIR,—I am in receipt of your letter of the 26th instant, No. 45792 ML. & Y., in reply to my letter of February 14 last, and I would point out that the portion of my letter in which I asked to be informed as to the amounts to be repaid by the several parties and for a copy of the agreement between the Commissioner and the individuals for whom the surveys were made, has not been answered by you, and the statement forwarded does not show what claims are covered by the repayments or what amounts are still due by the various parties. In connection with the statement of amounts received on account of these surveys, I notice that money was received by the Commissioner as long ago as October last but as yet no refunds have come to account. Please inform me why this money has not been deposited to the credit of the Receiver General in the usual way.

I am, sir, your obedient servant,

The Secretary, Department of the Interior. J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, May 12, 1910.

SIR,—I beg to acknowledge the receipt of your letter of the 28th ultimo, having reference to the survey of certain mineral claims situated on the King's Dome in the Dawson Mining district of the Yukon Territory, in which you inquire why the amounts which have been collected by the officers of this department on account of the surveys made of the claims in question have not been deposited to the credit of the Receiver General in the usual way. In reply, I am to inform you that there would appear to be nothing in the records of this department to indicate why the usual course in this connection has not been taken, and the Commissioner of the Territory has been advised that the amounts so collected should be deposited to the credit of the Receiver General and the bank receipt forwarded to Ottawa. He was requested to have this action taken at as early a date as possible, so that the survey account might be credited with the amount collected. He was also advised that any additional amount which my be received should be deposited in the same manner.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

DEPARTMENT OF THE INTERIOR, OTTAWA, May 21, 1910.

SIR,—In further reference to your letter of April 28, pointing out that the portion of your letter of February 14, in which you asked to be informed as to the amounts to be repaid by the several parties and for a copy of the agreement between the Commissioner and the individuals for whom the surveys were made, has not been answered and that the statement forwarded does not show what claims are covered by the repayments or what amounts are still due, I inclose herewith copy of the following documents, viz.:—

1. Agreement between W. O'Brien and W. McKay and others dated July 24, 1909.
2. Agreement between J. A. Segbers, A. A. Knorr and others, dated July 24, 1909.
3. Agreement between the Commissioner of the Yukon Territory and T. W. O'Brien and D. W. McKay, dated August, 1909.
4. Agreement between the Commissioner of the Yukon Territory and J. A. Segbers, dated August, 1909.

The commissioner has been requested to furnish a list of the claims surveyed showing the amount, if any, paid on account of each claim, and the name of the party who made the payment or from whom the cost of the survey is to be collected. This list will be sent to you when received.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Whereas Thomas Wm. O'Brien and Wm. David McKay have made certain representations to the Commissioner of the Yukon Territory with a view to having a survey of the mineral claims situated in the vicinity of the Dome, in the Dawson Mining division, made by government surveyors;

And whereas the Commissioner of the Yukon Territory has indicated that he will consider such proposition upon the said Thos. W. O'Brien and Wm. D. McKay making himself responsible to the said Commissioner for the actual cost of making the surveys of mineral claims in the vicinity of the Dome by government surveyors;

Now this memorandum witnesseth, that we the undersigned, and each of us, owners of mineral claims as set out opposite our respective names hereinunder, hereby agree that we will, on demand, pay to Thos. W. O'Brien and Wm. David McKay, or

his order, an amount which will bear the same proportion to the total actual cost of surveying the mineral claims under the proposed arrangement between the said Thos. W. O'Brien and Wm. David McKay and the Commissioner of the Yukon Territory, as the number of claims owned by each of us bears to the total number surveyed under said agreement.

In witness whereof, we have hereunto set our hands this 24th day of July, 1909.

DEPT. OF THE INTERIOR, OTTAWA, July 8, 1910.

SIR,—In further reference to departmental letter of May 12 last, regarding the sums collected on account of surveys made at the King's Dome by James Gibbons and N. A. Burwash, I beg to advise you that the amounts of $4,624.22 and $358.32 have been deposited to the credit of the Receiver General and the bank receipt sent to the Finance Department in the usual way.

A crtified statement showing in detail the amounts collected in this connection to June 8, 1910, is inclosed herein for your information.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

DAWSON, June 3, 1910.

STATEMENT of amounts paid on account of Survey of Mineral Claims on the Dome.

1909.	——	$ cts.
Oct. 18...	J. A. Segbers, on account of 23 claims at $50 per claim	1,150 00
" 18....	Malcolm Campbell, 1 claim	50 00
" 20....	Chas. Lauder, 3 claims	150 00
Nov. 1....	F. H. Elliott, 1 claim	50 00
" 5....	J. F. Patterson, 2 claims	100 00
" 3...	G. H. Lawrence, 1 claim	50 00
" 9...	Robt. Greaves, 1 claim	50 00
" 9...	W. D. McKay, 1 claim	50 00
" 9....	Malcolm Campbell, 2 claims	100 00
" 9....	J. A. Scougale, attorney for James Cameron	140 00
" 9....	Joseph Fournier	323 00
Oct. 27....	O. F. Kastner	50 00
Dec. 18...	I. J. Hartman	150 00
" 23...	J. R. Irvine	50 00
" 29...	J. A. Scougale, for James Cameron	160 00
1910.		
Jan. 4....	Joseph Fournier	50 00
" 25....	M. Nicholson, 1 claim in full	109 72
" 25...	J. F. Patterson, balance due	119 44
Feb. 1....	A. A. Knorr, balance due	179 16
" 2....	Joseph Fournier, balance due	175 60
" 11...	J. A. Segbers, balance due	477 76

" 21...	Mrs. O'Rell for Wm. McKenzie, balance due on 1 claim	59 72
June 2....	Chas. T. Stone, balance due on 1 claim	59 72
		4,824 22
1909.		
Nov. 29....	Refund to J. A. Segbers of an amount of $50 per claim paid on account of certain claims which were not surveyed, four in all, cheque No. 1	200 00
1910.		
June 3...	Refunded to credit of Receiver General, Draft No. E. 510, cheque No. 2	
		4,624 22

I hereby certify that the above is a true and correct statement of the amounts paid in on account of survey of mineral claims on the Dome to June 3, 1910.

G. MACLEAN, *Acting Comptroller.*

Cheque No. 1.

DAWSON, Y.T., November 29, 1909.

$200.

Received from the Department of the Interior, survey account—special account—the sum of Two Hundred Dollars, being refund on account of amount of $1,150 deposited by me on October 18, 1909, on account of cost of survey of certain mineral claims in the vicinity of the Dome at the rate of Fifty Dollars per claim, of which

the following were not surveyed, viz., Broken Hill, Tiger No. 2, Solomon, Silver Knight No. 2.

Per J. A. SEGBERS,
PETER FAHRKEN.

I hereby certify that the above mineral claims, viz.: Broken Hill, Tiger No. 2, Solomon and Silver Knight No. 2, were not included in survey.

N. A. BURWASH, *Surveyor.*

Examined.
J. T. LITHGOW, *Comptroller.*

Approved.
ARTHUR WILSON, *Administrator*

DAWSON, June 10, 1910.

Statement of amounts paid on account of survey of mineral claims on the Dome:—

June 8, 1910, T. A. Firth, for James Cameron, half interest in Kitchener claim; half interest in Hunker claim; half interest in Roberts claim; whole interest in Summit claim; whole interest in LeRoy claim; whole interest in Floradora claim; whole interest in Calumet claim..	$298 60
Robt. Greaves, balance due for 'Franklin'..	59 72
	$358 32

I hereby certify that the above is a true and correct statement of the amounts paid in on account of survey of mineral claims on the Dome from June 3, 1910, to date.

G. MACLEAN, *Acting Comptroller.*

I certify that these accounts have been examined by me under the direction of the Auditor General and by authority of 7–8 Edward VII., chap. 76, and are correct.

EDMUND E. STOCKTON.

AUDIT OFFICE, OTTAWA, May 30, 1910.

SIR,—I am in receipt of statements and vouchers covering the expenditure of the Yukon Consolidated Revenue Fund for the month of March last, and I wish to draw your attention to the following irregularities in the administration of that account.

Cheque No. 1935 was issued by the Commissioner on March 21 in favour of M. Landreville as an advance on account of his indemnity for the Council meeting of 1910-11, which at that time had not been called by the Commissioner and did not meet until some time in May. Under the Yukon Act of 1908, this payment was clearly illegal and should not have been made by the Commissioner.

During the month of March, cheques amounting to $5,963.25 were issued chargeable to the appropriation for roads, &c., which appropriation stood overdrawn at the beginning of the month, and no further payments should have been made until the Council had voted further supplies to the Commissioner.

Among the cheques received by me from the Bank of Commerce for the month of April, I also find cheques issued by the Commissioner after the close of the fiscal year and chargeable to a new year for which the Council has made no appropriations whatever, and should they refuse to ratify the expenditure, the Commissioner would be held personaly responsible for the amounts illegally withdrawn from the bank.

If it is the intention of the Council to meet in the early summer or two or three months after the close of the fiscal year, they must vote an interim supply to the Commissioner to enable him to carry on the business of the Territory, and he should be informed that he must confine himself to the supply voted by the Council and should in no case exceed the appropriations except in cases of emergency when the overdraft must be authorized at the next sitting of the Council.

I am, sir, your obedient servant,

The Deputy Minister of the Interior, J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, June 8, 1910.

SIR,—I have the honour to enclose herein copy of a letter received from the Auditor General in which he draws attention to certain irregularities in connction with payments made out of the Yukon Consolidated Revenue Fund in the month of March last.

Will you kindly prepare an answer to the matters referred to so that it may be transmitted to the Auditor General? It is customary to publish correspondence of this nature in the Auditor General's Annual Report and it is, therefore, important that a satisfactory explanation be given at an early date in which case he may not think it necessary to make the matter public in his report.

I am, sir, your obedient servant,

ALEXANDER HENDERSON, Esq., K.C., P. G. KEYES, *Secretary.*

Commissioner of the Yukon Territory, Dawson, Y.T.

DEPARTMENT OF THE INTERIOR, OTTAWA, July 27, 1910.

SIR,—Referring to your letter of May 30, 1910, in which the attention of the department was drawn to certain irregularities in the administration of the Yukon Consolidated Revenue Fund, I now beg to enclose for your information a copy of a letter which was sent to the Commissioner of the Yukon Territory asking for an explanation and also a copy of his reply thereto, dated the 28th ultimo.

From the Commissioner's explanation, it would appear that the circumstances under which the payments were made were exceptional, and although no disbursements should have been made without the Council having voted supplies, yet the members of the Council were consulted before action was taken.

I trust the Commissioner's explanation will be satisfactory.

I am, sir, your obedient servant,

The Auditor General. J. A. COTE, *Acting D.M.*

OFFICE OF THE COMMISSIONER, DAWSON, June 28, 1910.

SIR,—I have the honour to acknowledge the receipt of your letter of the 8th instant (File No. 30471), enclosing a copy of a letter from the Auditor General, in which he draws attention to certain irregularities in connection with payments made out of the Yukon Consolidated Revenue Fund in the month of March last.

With respect to cheque No. 1935 in favour of Max Landreville, Mr. Landreville is a member of the Yukon Council representing the Klondike electoral district, which extends far beyond Mayo on the Upper Stewart river. Mr. Landreville spent the winter prospecting on one of the tributaries of the Stewart, but before going was informed by me that the Council would probably be called to meet in the month of March. The Council meeting was not called until May for reasons which will be explained later, but Mr. Landreville could not be informed of the change in time and he accordingly came to Dawson in March, arriving short of funds with the expectation of receiving a portion of his sessional indemnity; and following the precedent in the case of Mr. John Grant, I authorized the payment of $100 to him.

In the case of Mr. John Grant I beg to cite the following facts:—

Mr. Grant was a member of the Council in 1907 and 1908. The Council met in July, 1908. On December 7, 1907, an advance account of sessional indemnity of $100 was made him. On December 31, 1907, another advance of $150 on the same account

was made. On January 22, 1908, an advance of $50 was made. On April 7, 1908, and on April 23, 1908, advances of $50 respectively were made, making a total payment to him of $400 before the meeting of the Council. As these payments passed unchallenged it was considered that the Auditor General deemed them regular.

With respect to the issue of cheques amounting to $5,936.25 chargeable to the appropriation for roads resulting in the overdrawing of this appropriation, the explanation is as follows:—

It was my intention, and the members of the Council were so informed, that the Council should be called to meet during the month of March last, but during my absence from the Territory last winter I met several members of the Council who were anxious to have the calling of the session deferred until the month of May following. I pointed out that the fiscal year closed on March 31 and if no meeting of the Council were held before that date, no appropriations could be made and the business of the Territory would be blocked pending the voting of supply. It was then agreed, subject to approval of the other members that the wages of all workmen employed on the roads and the salaries of officials be paid, but no other accounts, until the voting of supply.

I arrived in the Yukon on March 9 and discussed the matter with the remaining members, except Mr. Landreville, who concurred in the suggested arrangement.

The Council meeting was accordingly called for May 19 and the appropriations voted as agreed.

No cheques were issued by me without the authority of an appropriation except for the payment of wages and salaries and these payments were made on the express understanding and agreement with the members of the Council individually that my action in this regard would receive their approval and support, which it did.

I have always given specific instructions that no appropriation is to be overdrawn and the road appropriation would not have been overdrawn unless the members of the Council had agreed to this being done.

I trust that the foregoing explanation will be considered satisfactory.

I am, sir, your obedient servant,

ALEXANDER HENDERSON,

Commissioner.

Re Binder Twine.

AUDIT OFFICE, OTTAWA, January 8, 1910.

SIR,—The returns of the binder twine industry for the 6 months to September 31 show the following figures:—

		Lbs.
On hand April 1, 1909		1,002,815
Made during 6 months		96,100
		1,098,915
Shipped during six months	209,495	
Made into rope	21,128	
		230,623
On hand September 30		868,292

The shipments in 1907-8 were 522,670 lbs.; in 1908-9 144,414 lbs.; and the current year 209,495 lbs.

The twine manufactured was in 1907-8, 527,550 lbs.; in 1908-9, 586,175 lbs.; and the current year 96,100 lbs.

I have to inquire what are the regulations and formalities in connection with the sale of this twine; does it deteriorate by age?

Seemingly, the present condition of the industry is not satisfactory.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Justice.

JUSTICE DEPT., OTTAWA, January 11, 1910.

SIR,—Referring to your letter of the 8th instant, I have to state that the price at which the various grades of twine may be sold is fixed by the Minister of Justice, from season to season. Twine will no doubt deteriorate by age, but the deterioration is prevented to a large extent by careful baling and by storage in a warehouse where there are no extremes of temperature.

The factory has not been in operation for some months past, as it has been decided to discontinue the manufacture until the accumulated twine on hand has been disposed of.

I am, sir, your obedient servant,

F. L. NEWCOMBE, *D.M.*

The Auditor General.

Re Police Magistrate at Whitehorse.

AUDIT OFFICE, OTTAWA, March 5, 1910.

SIR,—I wrote you January 21, 1908, in reference to the lessening amount of the receipts from the police magistrate at Whitehorse, and the fact that he was drawing a salary of $4,000 and living allowance of $1,400.

I have now to inform you that the receipts for 1908-9 were $545.50, and the receipts for 10 months of present year to January 31, 1910, were $164.

During November and December, 1908, and January and February, 1909, there were no returns nor receipts from him. He informed an officer from this office who visited his office, that he was absent during these months on leave.

The return for October last contained one conviction, no fine and balance of costs paid was sent to Dawson.

The return for December last contained no conviction at all.

The return for January contained one conviction, no fine, and balance of costs paid was sent to Dawson.

The inspector of the Royal Northwest Mounted Police has authority to try, and does try, cases similar to those tried by the police magistrate.

Though your department disclaims any responsibility for the fines collected by police magistrates, I assume you are responsible for this officer's salary and allowances, and for its continuance under the circumstances.

I purpose sending a copy of the correspondence on this matter to the Treasury Board, but I will defer doing so for a short time that I may include any reply you may favour me with.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Justice.

JUSTICE DEPT., OTTAWA, March 15, 1910.

SIR,—I have the honour to acknowledge receipt of your letter of 5th instant with regard to the office of police magistrate at Whitehorse.

I am making some inquiries of the Comptroller of the Royal Northwest Mounted Police on the subject, and will write you again after hearing from him.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.*

The Auditor General.

JUSTICE DEPT., OTTAWA, April 19, 1910.

SIR,—Referring to your letter of the 5th March last, with regard to the office of police magistrate at Whitehorse, I have had correspondence on the subject with the Comptroller of the Royal Northwest Mounted Police, and with Mr. Taylor, the police magistrate. I am sending you herewith, for perusal, my file containing the correspondence, and I am to say that in view of the facts appearing, the Minister does not consider it expedient, for the present at all events, to abolish or interfere with the office of police magistrate.

Will you be good enough to return my file when you have finished with it?

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.*

The Auditor General.

DEPT. OF JUSTICE, OTTAWA, March 15, 1910.

SIR,—I enclose herewith copy of a letter which I have recently received from the Auditor General on this subject.

The point of my reference to you is this, you will observe that the Auditor states that the inspector of the Royal Northwest Mounted Police has authority and does

try cases similar to those tried by the police magistrate, and I presume that he intends to suggest that there is an inspector at Whitehorse who could conveniently discharge the duties now performed by the police magistrate. I would like, therefore, to have your views upon this question, and as to what, if any, the objections are from your standpoint to the abolishing of the office, leaving the jurisdiction in the hands of the inspector.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.*

Lt.-Col. White, C.M.G.,
Comptroller, R.N.W.M. Police, Ottawa.

NORTHWEST MOUNTED POLICE, OFFICE OF THE COMPTROLLER,

OTTAWA, March 17, 1910.

SIR,—Referring to your 396, 1910, of the 15th instant.

The superintendents of the Mounted Police are ex-officio justices of the peace. Some of the inspectors, not all, are justices of the peace by appointment, none have the powers of a police magistrate.

I know that police officers try cases when there is no other J. P. to take them, but it interfered with their police duties and for obvious reasons, it is undesirable that a police officer under whose direction evidence for the prosecution has been collected, and in whose charge the prisoner is held, should be the judge to try the case. This has been the cause of many complaints in the past.

We are reducing the strength in the Yukon, and it is not likely that there will be more than one officer at Whitehorse after the spring rush of travellers is over. To confer upon this officer the powers of a police magistrate, regardless of legal qualifications required by statute, and expect him to act as such, would tie him down at Whitehorse, whilst his police duties are demanding his attention and presence elsewhere within his police district.

I am, sir, your obedient servant,

(Sgd.) FRED. WHITE, *Comptroller.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, March 19, 1910.

SIR,—I enclose herewith, for your information and such remarks as you desire to offer, copy of a letter which I have received from the Auditor General, dated 5th instant, from which you will observe that apparently he is of opinion that the office of police magistrate at Whitehorse has become unnecessary through lack of business and that any judicial work required there may be conveniently performed by the inspector of the Royal Northwest Mounted Police. I would like to know what you have to say upon this subject before answering the Auditor General.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.*

Geo. L. Taylor, Esq.,
Police Magistrate, Whitehorse, Y.T.

WHITEHORSE, April 7, 1910.

SIR,—I beg to acknowledge receipt of your favour of the 19th ultimo.

The Auditor General, when he states that the inspector of the Royal Northwest Mounted Police tries the same cases that I do, forgets the fact that I have the same power as a police magistrate of cities in Ontario, which the police inspectors do not have. He also overlooks the civil jurisdiction exercised by me up to $500 in disputed cases and $1,000 in others, and provision would have to be made for carrying on such work.

It is true that criminal work has decreased of late owing to there being very little work going on here, but I think you will soon see a big change. The railway are now completing the spur to the copper mines and are employing a number of men, the majority of whom are foreigners. Spokane people will begin work on one or more of the mines next month and will employ a large gang of men, and as soon as the spur is completed will ship from 200 to 1,000 tons of ore a day, and Whitehorse will in the near futrue be a busy town.

I remitted the Receiver General for last month $100 in fines, and for this month the fines imposed amount to $240.

With regard to salary, a man cannot live and support a family on less, living is higher to-day than when we came here.

I am, sir, your obedient servant,

GEO. L. TAYLOR,
Police Magistrate.

The Deputy Minister of Justice.

Supplies for Lighthouses.

AUDIT OFFICE, OTTAWA, January 3, 1910.

SIR,—I notice among the payments made under your letter-of-credit, for advertising during the current fiscal year, several items for 'Tenders for Lighthouse supplies, Quebec.'

It is not quite clear from the advertisement what articles are included in 'Lighthouse supplies,' and I shall be obliged if you will cause to be sent me copies of any contracts which have been entered into by the department as a result of this call for tenders.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 13, 1910.

SIR,—I beg to acknowledge receipt of your favour of the 3rd instant, asking for copies of contracts entered into by this department as the result of an advertisement calling for tenders for the Quebec lighthouse supplies.

In reply, would state, that tenders were received and the orders given to the lowest tenderer in every case, provided, of course, the quality of the goods ordered was satisfactory, but, no formal contract was entered into beyond the regular order form now in general use in this department.

The supplies referred to included the usual class of goods furnished each year to the various light stations, but did not include burners, wicks, chimneys and illuminating oil, as a separate arrangement was made for the delivery of these supplies.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *D.M., M. & F.*

Wharfage for Steamer 'Shamrock' at Sorel.

AUDIT OFFICE, OTTAWA, January 3, 1910.

SIR,—I beg to bring to your notice a payment of $300 made during the current fiscal year by cheque A2181 to Beauchemin et fils for rent of wharf at Sorel for steamer *Shamrock* from May, 1908, to May, 1909.

Was it not possible to afford the necessary wharfage accommodation to the *Shamrock* at the government ship yard on the opposite side of the Richelieu river at Sorel?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 5, 1910.

SIR,—I regret to find that your letter of January 13 last, asking for information with reference to a wharf which this department has leased from Mr. Alfred Beauchemin, of Sorel, has not yet been answered. This letter was overlooked at the time and consequently no further action was taken.

In explanation of this matter, I may say, the wharf is used during the season of navigation for landing and storing the St. Lawrence river buoys, anchors and chains, and in the winter the C.G.S *Shamrock* berths there. The wharf is therefore in continual use by this department and is necessary for the efficient service of aids to navigation in the St. Lawrence river. I may further say the wharf is leased by this department for a term of five years from May 1, 1908, the rental being $300 per annum.

The Auditor General. J. B. HALKETT, *for D.M., M. & F.*

Expenditure in Connection with Steamer 'Canada.'

AUDIT OFFICE, OTTAWA, December 30, 1909.

SIR,—I beg to ask for explanation of a payment of $37.20 to A. M. Bell and Co., Halifax, charged to the steamer *Canada,* and paid by cheque B5669 of the current fiscal year.

The account rendered in support of this payment is for a baseball outfit, association football and two sets of boxing gloves.

A charge of this kind on a Parliamentary appropriation is unique and seems to me to call for explanation.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 24, 1910.

SIR,—I beg to refer to your letter of the 30th ultimo, asking for an explanation as to why a payment of $37.20 to Messrs. A. M. Bell and Co., of Halifax, for a baseball outfit, &c., should be charged to the steamer *Canada,* as such a charge on Parliamentary appropriation is unique.

In reply, I may say that the cruiser *Canada* having been turned into a training ship, it was considered that the facilities afforded for pleasure and exercise by these articles were necessary to have at the disposal of the boys who were on board the ship under training.

There are no gymnasiums or other means for the boys and men exercising, and while the charge is unique in its character, you will in view of the above explanations appreciate that the conditions are likewise unique, inasmuch as they have not obtained in the past.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *D.M., M. & F.*

Hudson Bay Expenditure.

AUDIT OFFICE, OTTAWA, August 11, 1909.

SIR,—I notice on the list of cheques issued under your letter-of-credit during the month of July last, which you have recently sent me, a cheque—No. 5058A—in favour of La Banque Nationale being an advance to Geo. F. Caldwell who left Ottawa some three years ago in connection with the Hudson Bay expedition.

As it is a matter of public knowledge that Mr. Caldwell has not been heard from for some time, I shall be obliged if you will let me know, at your early convenience, the authority under which you caused this cheque to issue.

Does the Banque Nationale hold a power of attorney from Mr. Caldwell, and if so, has the department made full inquiry respecting the effectiveness of such power of attorney at the date on which the cheque was issued?

I should also like to be informed if the Department of Justice or the Treasury Board was consulted in this matter with the view of safeguarding the interests of the Crown in case the power of attorney should happen to have been null and void.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 12, 1909.

SIR,—I am in receipt of your letter of August 11, referring to cheque No. 5058A in favour of the Banque Nationale for Geo. F. Caldwell.

Mr. Caldwell has been engaged for a number of years by this department on exploring work in the lands adjoining the northern part of Hudson bay.

Since July 1, 1906, the amount advanced to him, on account of salary, has been $359.30. The amount due Mr. Caldwell on July 1, 1909, if he were still on his exploring expedition would be $3,600, less the $359.30 already advanced.

No news has been received from Mr. Caldwell for a long time, but this spring news was received from the Mounted Police posts which led the department and Mr. Caldwell's family to believe he might still be alive and returning from his exploration.

A request was made to the department that they pay into the Banque Nationale half the amount which would be due Mr. Caldwell as salary, the department also being informed that the memebrs of the family having power of attorney to draw such moneys from the bank would utilize this money to have a search made for Mr. Caldwell. The department recognizing that a certain responsibility was incurred by the governmest in sending an explorer into this unknown country and that it was a work of humanity to have proper research made for the explorer, agreed to this proposal.

On the date of this agreement it was impossible, owing to the ministers leaving for their holidays, to get immediate approval from the Treasury Board, and therefore it was decided to advance $500 on Mr. Caldwell's salary. The last letter received from Mr. Caldwell was dated February 21, 1907, and the sum of $500 would overpay Mr. Caldwell's salary to the end of February, 1907, by $59.30.

Even presuming that Mr. Caldwell had disappeared immediately after February 21, 1907, this small amount would not correspond to the two months gratuity usually given in such cases.

As needs of the case were urgent it was decided by the family to make immediate arrangements to search for Mr. Caldwell, and it was deemed advisable to make this small advance on his salary without waiting for the formal order from the Treasury Board.

Before Mr. Caldwell left he had arranged with the department that his salary cheques should be deposited in his name in the Banque Nationale, and I understand that he had given power of attorney to some member of his family to draw money from his account in the Banque Nationale.

An application was made to the Treasury Board on July 6 to authorize the payment of half of Mr. Caldwell's salary, and this application is still before the Treasury Board awaiting a meeting of the Board.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *D.M., M. &*

AUDIT OFFICE, OTTAWA, December 14, 1909.

SIR,—With reference to your letter of August 12 last in explanation of the issue of a cheque for $500 against the vote for patrolling the northern waters of Canada, being a payment on account to Mr. Geo. F. Caldwell, employed by your department as an explorer in the northern regions of Canada, I beg to inquire if any action has been taken by the department to ascertain if the proceeds of this cheque, which was made payable to the Banque Nationale for Geo. F. Caldwell, have been applied to the purpose stated in your letter and for which purpose, you say, the department authorized the issue of the cheque.

It appears to me that it is necessary I should ask for information of this kind in view of the following paragraph in your letter:—

'A request was made to the department that they pay into the Banque Nationale half the amount which would be due Mr. Caldwell as salary, the department also being informed that the members of the family having power of attorney to draw such moneys from the bank would utilize this money to have a search made for Mr. Caldwell. The department recognizing that a certain responsibility was incurred by the government in sending an explorer into this unknown country and that it was a work of humanity to have proper research made for the explorer, agreed to this proposal.'

The power of attorney given by Mr. Caldwell in favour of the Banque Nationale has not been sent me. I presume you are aware that if Mr. Caldwell was not alive on the day the cheque was issued, the power of attorney would be null and void. Have you made any inquiries in this regard?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 29, 1910.

SIR,—I beg to acknowledge the receipt of your letter of the 14th ultimo relative to the payment of $500 made into La Banque Nationale on account of Mr. Geo. F. Caldwell's salary.

In this connection I may say that the department communicated with Mr. T. D. Caldwell in order to ascertain what steps had been taken to obtain information as to the whereabouts of his brother and we were informed that arrangements had been made with a New Bedford whaler, who at the time, contemplated going to Baker Lake district, but unfortunately the whaler changed his plans and will not go north until next year.

The department again wrote to find out if other arrangements had been made, but no reply has yet been received.

La Banque Nationale was requested to forward to the department the power of attorney given in its favour by Geo. F. Caldwell before his departure and a reply was received to the effect that they were searching for same.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *D.M., M. & F*

AUDIT OFFICE, OTTAWA, May 18, 1910.

SIR,—With reference to previous correspondence relative to a payment of $500 to the Banque Nationale for Geo. F. Caldwell, I should like to be informed if you have

yet ascertained what disposition has been made of this money. Is the amount of the cheque still on deposit in the bank and if not, to whom has it been paid and on what authority?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Claim of Burrill-Johnson Iron Co. Reduced by Purchasing Agent.

AUDIT OFFICE, OTTAWA, August 18, 1910.

SIR,—I beg to bring to your notice an account rendered by the New Burrell-Johnson Iron Company, Yarmouth, N.S., for work done at Cape Fourchu fog alarm, amounting to $907.93. This account is certified as to the performance of the work and the fairness of the charges made by Messrs. Schmidt and Tremaine, who, apparently were the officers of the department under whose immediate supervision the work was performed and the necessary materials supplied.

Notwithstanding the certificates of these officials, which in the case of Mr. Schmidt especially seem to have been given after careful consideration, it appears from memoranda attached to the account, that Mr. Doutre, chief purchasing agent of the department, considered some of the charges excessive and in consequence caused further inquiry to be made with the result that a cheque, No. 7275A of the fiscal year 1909-10, for $500 was issued in full settlement of the company's claim.

In view of the fact that the certificates given by Messrs. Schmidt and Tremaine, the officers of the department who should have personal knowledge of the work and transactions in this case, have been shown to be wholly untrustworthy, it seems to me I should be informed of the nature of the investigation made by the department and which resulted in cutting the company's claim practically in two. How was the amount finally paid and accepted by the company determined as a fair and just acquittance of the original claim?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 30, 1910.

SIR,—I have to acknowledge the receipt of your favour of the 18th instant, with reference to a payment of $500 to the New Burrell-Johnson Iron Company, of Yarmouth, N.S., in full settlement of their account for installing a boiler in the fog alarm station at Cape Fourchu. In explanation of this payment I beg to say the company declined to put in a tender for this work but estimated that it would cost about $325 to install the boiler. The department considered this a reasonable amount and authorized them to go on with the work. When the boiler was installed the company submitted an account amounting to $907.93, explaining that on account of the overtime made by the men as well as a large account for transportation the actual cost had greatly exceeded the estimate.

It appears that when the company submitted the estimate they expected to obtain board and lodging for their men with the fog alarm keeper. This could not be done and the result was that on account of having to leave for the Cape before the regular working hours in the morning and return again to Yarmouth in the evening after regular working hours, the men got in a lot of overtime, which, no doubt, added to the wages account. They also submitted receipts showing payments of $115 for transportation of the men to and from the Cape.

The department refused to consider these claims on the ground that the company should have provided temporary quarters at the Cape for the men and in any event the department had nothing to do with transportation or overtime. It was also shown that when the job was finished the work had not been satisfactorily performed and the defects had to be repaired, adding to the wages account, but this was not considered a proper charge against the department.

There were other claims for extras which had to be considered. It was found that the valve on the new boiler came in the way of the smoke pipe from boiler No. 1 and it had to be removed necessitating the patching of the boiler and cutting a new hole and fitting the valve. A dry pipe was fitted to prevent the whistle lifting the water in the boiler. Suction pipes under the concrete floor were provided, and all defective pipes and connections were replaced with new material. A rectangular smoke pipe was fitted instead of the oval pipe specified. The shaft for operating the whistle was not suitable and the specification was changed to meet the requirements. It was the intention of the department to have the fog alarm keeper disconnect the old boiler but on account of the men arriving at Cape Fourchu about a fortnight earlier than they were expected, this was not done and all disconnections were made by the New Burrell-Johnson Iron Company.

Taking the original estimate as a fair amount for installing the boiler and making due allowance for the extras it was considered that $500 would be a fair settlement and after considerable delay and correspondence the New Burrell-Johnson Iron Company decided to accept the amount in full settlement of the claim.

Mr. Tremaine's certificate was given after he had consulted with Mr. Schmidt, the inspector in charge of the work, and no doubt Mr. Tremaine believed the account was correct in every way before he certified it.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *Asst. D.M.*

Sale of Herring at New York.

AUDIT OFFICE, OTTAWA, January 31, 1910.

SIR,—I beg to bring to your notice voucher B3719 of the current fiscal year in support of a payment of $944.12 paid for a draft on the Bank of Montreal in favour of Thomas Woodward & Son, and which has been charged against the appropriation for cold storage.

This voucher consists of what seem to be statements of six consignments of herring to Thomas Woodward & Son, the charges on which have exceeded the amount of the sales made by $943.17.

There are no sub-vouchers attached in support of the various items under the heading 'Charges.'

I shall be obliged if you will cause to be sent me at your early convenience full explanation of this payment.

What is meant by the words used on some of the statements 'dumped by Mr. Cowie'?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES, OTTAWA, February 4, 1910.

SIR,—I beg to acknowledge your letter of the 21st ultimo, asking for an explanation of the payment of $944.12 to Messrs. Thomas Woodward & Son out of the appropriation for cold storage.

In reply, I may say that in 1905 an experiment was undertaken by this department in the curing of Canadian herring according to Scottish methods, and the herring so packed were sent to different places to be sold; but largely to Messrs. Woodward & Son, of New York.

While some of these fish were disposed of at eminently satisfactory prices, their sale was slow, which it appears was not due to the fish, but to the glutted condition of the market, and the department was advised to allow them to remain in store until better market conditions would obtain.

In 1906 and 1907 additional shipments were sent to this firm; but at the beginning of the season of 1908 a large quantity remained on hand to be sold and Mr. John J. Cowie, who was employed as the Scotch curing expert, was instructed to go to New York and to inspect the herring and decide what was the best thing to do with them as a number of them were mild cure and so intended for early sale and if they had deteriorated it would seem advisable not to continue to add to the expense by holding them in store with little or no prospect of disposing of them.

Mr. Cowie accordingly went to New York and after looking over the lot of herring on hand ordered certain consignments to be dumped to avoid further charges, which was done.

This will explain the words 'dumped by Mr. Cowie' on certain of the accounts.

In July last a considerable quantity of herring still remained on hand, which it seemed could not be sold, and in connection with which and previous consignments an account, amounting to $943.17 had been incurred and after careful consideration of the whole matter the then acting minister reached the conclusion that the best course to take would be to pay the account and instruct Messrs. Woodward & Son to incur no further charges in the storage of these herring, which was consequently done.

I may add that the appropriation out of which this account has been paid covers the conservation and development of the deep sea fisheries, as well as the maintenance and inspection of cold storage establishments.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *D.M., M. & F.*

Re Wharfs and Piers, Ontario.

AUDIT OFFICE, OTTAWA, March 24, 1910.

SIR,—Up to this day neither returns nor cash receipts have come to account for the present fiscal year from the following wharfs and piers:—

Barry's Bay, Cockburn Island, Honora, Morpeth, Port Finley, Port Rowan, Providence Bay, Southampton and Summerstown.

Your attention was drawn to most of these wharfs last year, as will be seen by referring to the correspondence in my last report, page O—264, and I have to again ask that all arrears be promptly brought to account; in cases where any of these wharfs have not been used and no collections made, the wharfingers should be required to furnish a certified return to that effect. The receipts from Echo Bay last year amounted to $49.79; so far only $8.33 has come to account covering collections for May and June. I shall be glad to get certified returns from this wharfinger for the balance of the year. Most of the other wharfingers are sending in satisfactory returns and although the year is not closed, the receipts so far received are in advance of the preceding fiscal year.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Re Wharfs and Piers, Quebec.

AUDIT OFFICE, OTTAWA, March 31, 1910.

SIR,—I beg leave to draw your attention to the following remarks in reference to wharfs and piers, Quebec, for the present fiscal year:—

Coteau du Lac.—The revenue that has come to hand during the five fiscal years ending March 31, 1908, has averaged nearly $15 per year. During the last two fiscal years neither receipts nor returns have so far come to account.

Greece's Point.—The net revenue which came to account from this wharf in 1903-4, was $45.71; in 1904-5, $19.38; no cash receipts have since been reported.

Isle Perrot.—The last revenue reported from this wharf was $29.19 covering collections made in 1906-7.

Port Lewis.—The only revenue reported for some time came to account in 1907-8; the collections were small, amounting only to $4.44.

St. Anicet & St. Irenee.—No revenue has come to hand from the first wharf since 1908-9, and from the latter since 1906-7; in both cases the collections were small.

St. Jean d'Orleans.—The revenue coming to account from this wharf for the last six preceding years amounted to $441.77, the largest amount coming to account in any one year being $133.44. It seems strange that thus far nothing has come to account during the present year.

There are also eleven other wharfs from which neither returns nor receipts have been furnished for some time, and as your attention has been called to the matter before, I do not think it necessary to again name them; but I think it desirable that even where there has been no business done at these wharfs, in every case where a wharfinger has been appointed he should be required to send in from time to time a certified return to that effect.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Re Sable Island Sales.

AUDIT OFFICE, OTTAWA, September 20, 1910.

SIR,—During the last fiscal year sales of ponies, cranberries, hides, &c., were made, the gross receipts amounting to $3,191.57. The returns furnished give the following particulars of each sale:—

Date of sale.	Gross receipts.	Expenses.	Net proceeds.	Date deposited.
	$ cts.	$ cts.	$ cts.	
Sept. 8, 1908	1,132 00	215 19	916 81	Oct. 14, 1909
Oct. 5, 1909	864 37	122 79	841 58	Oct. 20, 1909
Nov. 26, 1909	1,095 20	78 55	1,016 65	Feb. 8, 1910
	3,191 57	416 53	2,775 04	

The Treasury Board regulations require that collections should be deposited to the credit of the Receiver General daily when they amount to $25, otherwise, when that sum has been received. These regulations do not seem to have been properly observed in any of the above sales, while in the first they appear to have been totally disregarded.

The accounts covering the expenses deducted are not properly certified. The accounts for advertising should be certified by the King's Printer; while those for supplies furnished or services rendered should be certified by the person under whose special charge such articles were supplied or such work performed, and certified that the prices charged are fair and just.

I shall be glad to have your explanations of the above irregularities, and trust you will take such steps as will prevent their recurrence.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Re Wharfs and Piers.

AUDIT OFFICE, OTTAWA, December 31, 1909.

SIR,—Referring to your letter of February 1, 1909, I have to inquire if the matter of the transfer of wharfs to your department has since been submitted by the Privy Council to your minister, and if so, what conclusion has been arrived at.

I have to ask for a list of all wharfs transferred since January 1, 1908.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 7, 1910.

SIR,—I beg to acknowledge the receipt of your letter of 31st ultimo having reference to the question of transferring wharfs to this department from the Department of Public Works.

I have to inform you that this question has not been submitted to this department by the Privy Council.

I have much pleasure in complying with your request and herewith inclose a list of the wharfs which have been transferred to this department since 1908.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *Asst. D.M., M. & F.*
